Bouncy Houses for Kids

For the amusement of your kids you don't have to worry no more, you'll have a great selection of bouncing houses and inflatable games! We will ensure your kids entertainment so they never forget! If you find hard to choose from our bouncy houses, perhaps it is best to let your children decide for themselves! Every game is different but we try to offer similar activities for each one, like jumping area, **inflatable slide** and obstacles because we know kids love to do all this activities.

We have all kind of bouncy houses like our **bouncy castle** Harry Potter. We also have farms a giant monkey or a dog. So whatever your choice is you'll always be sure that the opportunities to amuse your kids and entertain them with our bouncing houses are almost endless and will depend only on the imagination of your children.

This summer, a new concept of inflatable games arrived: the **aqua balls** that allow you to walk over the top of the water without getting wet! You can rent them for your swimming pool or if you don't have one we can rent you an inflatable. The kids will be crazy to try this new experience!

There is an aspect that you should take into account; these are the dimensions of the bouncing houses of course. It doesn't matter the space you have available, we offer inflatable games of all sizes that will fit in your space! You should also have to consider the age of your children and the number of children present at the party. You should know that it is not recommended for children to play together with a big difference of age because they might hurt each other. Indeed, imagine the difference in size, weight and strength that there may be between a 5 year old child and a 8 year old...
