### ***Sphere Amusement's Montreal Opening Michel***

I am a long-time assistant to parents planning their children's birthday parties and so I have a lot of experience with most of the regular inflatables rental companies in Montreal. When Sphere Amusement opened up in South Shore, I call their number to check out the options available and see how the employees would treat me. I was quickly impressed with how friendly and professional the employees were. They treated me kindly and assisted me by giving me prices for certain pieces and recommending what was best for my parties. The inventory of inflatables available at Sphere Amusement is just what you would expect from such a professional company. They had slides, bounce houses, trampolines, interactive games, and even castles available for rent. When it came time to plan my own son's 7th birthday party, I decided to give the new company a whirl. I am so glad I did! The inflatables were fairly priced, and I chose a slide for this occasion. It was delivered when it was supposed to be and upon being blown up, it looked to be in great shape and was very clean. The kids loved it and I recommended Sphere to all of the other parents as they came to pick their kids up. Sphere is professional and provides excellent service and quality. Thanks Sphere for giving my son a fantastic time on his birthday! And- Congratulations for your Opening in Montréal! I know your business will do great!

### ***Great Assortment***

Sphere amusement have a great assortment of interactive games. On the advice of a friend I contacted Sphere about hiring one of their games for a get together we were having. The company has a range of great products and inflatables that you will enjoy just as much as my guests and I did. Our game was delivered in good time to allow for setting it up before the party. If you are looking for something out of the ordinary then the inflatable sumo costumes are great and ideal for people of all ages. These interactive inflatable costumes gave us a lot of laughs as we bounced off each other. I was really impressed with Sphere Amusement's customer service, they even emailed me after the event to ask how things went and whether I was satisfied. Of course, I was more than satisfied with the product,

why else would I be recommending it to other people. It will be along time before me and my friends stop talking about the Sumo wrestling outfits, I think we had a whale of a time. Sphere is just a great company and the prices are good too.

### ***Thank You***

I just wanted to say Thank You Sphere Amusement! You really made my daughters party a memorable experience for her, her friends, as well as all the childrens parents that attended! The inflatables were exceptionally clean- even appeared like brand new, the service was outstanding, and the selection of products to choose from was tremendous! Not only was your employees there to deliver Little Farm bouncer perfectly on time, but when it was time to pick up the bouncer, they let the children get extra time in it, for FREE! Compared to the last company that we used for our inflatable bouncers, you surpassed them in every single way! I will recommend you with my friends and family for sure! The parents of the other children at the party will also be calling you soon, as they were just as impressed as I was! Montreal now has a premier place to get their castles, slides, party games and bounce houses that provides both selection and service that parents want! Thanks again to your company and your staff for making Katie's party the best one ever!
